DETAILED ACTION

Allowable Subject Matter

Claims 1-9,12-26,30-37,40-51,64,67-72 and 74 are allowed. The independent claims 1, 18, 36 and 64 are allowable over the prior art. The prior art fails to disclose a method in which a balloon is placed in the stomach and is then expanded such to distend the stomach in order to increase heat transfer between the balloon exterior and the stomach wall as disclosed in the specification of the instant application. Furthermore, the motivation to combine similar references, which do describe a method for distending the stomach, is not present, as the instant application describes distending the stomach with a balloon in order to increase heat transfer between the balloon exterior and the stomach, and not merely to anchor the balloon.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Aamer S. Ahmed whose telephone number is 571-272-5965. The examiner can normally be reached on Monday thru Friday 9-5.
